

## PRODUCT LINE BROCHURE

### PRODUCTS

#### Gas Feeders

- Model VR4 – Chlorinator, up to 100 PPD Max Capacity
- Model VR3 Vacuum Regulator, up to 500 PPD Max Capacity
- Model SR9 – Chlorinator (Automatic Switchover), up to 500 Max Capacity
- Model VR6 – Chlorinator, up to 500 PPD Max Capacity

#### Chemical Feed Components

- Remote Meter Panels in the following capacities: 0-4 GPD, 0-10 GPD, & 0-20 GPD (Vacuum Service)

#### Chlorine Dioxide Solution

- Available in a variety of containers from 5 gallon pails to 265 gallon totes.

#### Chlorine Dioxide Generator

- Available in two precursor or three precursor models

#### Chemical / Air Induction System

- Mega – SWEET (Submersible Wastewater Efficient Effluent Treatment) system.
- $\frac{3}{4}$  & 1 Hp - for capacities of 650 PPD or less
- 5Hp for capacities up to 4000 PPD

#### Chlorine Tablets & Feeders

- Gravity Flow tablet feeders
- Chlorine and Dechlorination Tablets in a variety of sizes

#### Emergency Shut-off Valves

- For use with 150 lb cylinders or ton containers

#### Chemical Scales

- Hydraulic or electronic scales for 150 lb cylinders, ton containers, Multi-ton scales, Carboy, IBC Tote, Day Tank, Drum, & Mechanical Scales

#### Fiberglass Shelters

- Corrosion resistant, lightweight, and easy to install.
- Standard sizes ranging from 28" x 54" to 12' x 12'.
- Custom sizes available

#### Chlori-Flush

- Water line disinfection system (for flushing water distribution lines)
- Used for chlorination and/or de-chlorination

#### Chemical Liquid Feeders

- Peristaltic, diaphragm-type, and pump packages

## PRODUCT LINE BROCHURE

### INSTRUMENTATION

#### Gas Leak Detectors

#### Automatic Control Valve

#### Chlorine Analyzers

#### Vacuum Monitor

---

### ACCESSORIES

#### Corporation Stops

- Available in sizes ranging from 3/4" to 1 1/2"

#### Main Connects (Quills)

- Available in 1/2", 3/4" & 1"

#### Water Flow Accessories

- Plastic water inlet assembly, Y-Strainer, Check Valves, Diaphragm protected pressure gauge, brass & plastic solenoid valve, sediment water filter

#### Manifolds & Accessories

- Universal ton adapter, Drip leg heaters, isolation valve assembly, open yoke adapter, Split yoke adapter, flex connector, lead gasket, chlorine gas filter, pressure gauge, vacuum gauge

#### Inline Check Valves

#### Chemical Injection Accessories

- Diaphragm protected pressure gauge, calibration cylinder, back pressure valve, pressure relief valve, pulsation dampeners, injection quills

#### Inline Flow Meter

- Provides visual indication and verification of the flow rate

#### SCBA

- 30 Minute SCBA, carrying cases, storage cabinets

#### Chlorine Test Kits

- Colorimeter & color disk kit

#### Emergency Test Kits

- A Kit – for use with 150 lb Cylinders
- B Kit – for use with Ton Containers
